

Team Meetings

Date: April 1st, 2022

Attendees: Carson, Ryan, Chester, Garry

Absent: N/A

1. Project

Progress

Chester's Tasks

- Replaced dummy data with registered users instead in logged in page.
- Created weekly meeting minutes for 2022-04-01

Carson's Tasks

- Updated the appearance of receiving messages to be more consistent.
- Added role-based messaging to socket.io.

Garry's Tasks

- Updated the vault so only moderators can upload files
- Created weekly scrum report for 2022-04-01

Ryan's Tasks

- Fixed various UI Inconsistencies

Blockers + Surprises

- No blockers or surprises this week

2. Plan

Tasks for this week:

- This week we focused on implementing the last few features the client wanted implemented

Goals for the next milestone:

- Meeting with the client on Friday, April 1st
- Minor fixes to the application, finish final report and prepare for the presentation
